Re: Legal Authority Preliminary Approval  
Collierville Pretreatment Program  
NPDES Permit No. TN0057461  
Shelby County

Dear Mr. Holabird:

The Division of Water Resources acknowledges receipt, on April 22, 2016, of Collierville's proposed changes to the Sewer Use Ordinance (SUO) and Enforcement Response Plan (ERP). The proposed changes satisfy state and federal requirements; therefore, this division is giving preliminary approval for the proposed SUO and ERP.

The changes to your legal authority are considered a substantial modification to your pretreatment program (Tennessee Rule 0400-40-14-.18(3)). As such, public notification is required. The following steps need to be taken:

1. Collierville shall publish a notice, in a newspaper of general circulation that provides meaningful public notice within the jurisdiction served by the Collierville WWTP, indicating that the previously approved pretreatment program is being amended. The notice should include:
  - A. A brief description of the proposed changes
  - B. The length of time for public review, not less than thirty (30) days
  - C. An invitation to comment on the change
2. Following the comment period, Collierville is to submit to this office the following:
  - A. A notarized statement from the newspaper publisher, attesting that the notice was published (the notice needs to be published only once)
  - B. A copy of the notice
  - C. A copy of all comments and any responses by Collierville

Following the receipt of the information in No. 2 above, this Division will give final approval of the modifications, provided that public comments have been dealt with satisfactorily. If you have any questions, please do not hesitate to contact me at (615) 253-5321 or [Yatasha.Moore@tn.gov](mailto:Yatasha.Moore@tn.gov).

Sincerely,

Yatasha Moore  
State Pretreatment Coordinator  
Compliance and Enforcement Unit
